WORKING PRESS TICKETS

Working press and radio tickets must be obtained from Joe Sherman, Sports Publicity Department, University of Florida, Gainesville, Florida.

PRESS AND RADIO ACCOMMODATIONS

Press and radio tickets for all Florida home games will be handled by the Sports Publicity Department. These games are: Sept. 23, Citadel at Gainesville (night); Sept. 30, Duquesne at Gainesville (night); Oct. 14, Auburn at Gainesville; Oct. 28, Furman at Gainesville; Nov. 11, Georgia in Jacksonville; Nov. 18, Miami at Gainesville; Nov. 25, Alabama at Jacksonville.

SPECIAL NOTE: Because of the addition of 13,000 seats to the University of Florida's home stadium in Gainesville, it is uncertain when the new press box will be completed. (It was necessary to dismantle the old box entirely.) It WILL be necessary to arrange temporary accommodations for the first three games (Citadel, Duquesne and Auburn), but we hope the new press box will be in place for the two late season games. This means that it will be **ABSOLUTELY IMPERATIVE** to limit admission to the press box to those people who are actively engaged in reporting the game for the next day's editions. Your cooperation will be greatly appreciated. You will like and enjoy the new press box when it is completed. It will come close to perfection in working conditions and appointments.

It will help us to serve you if you will advise us the moment you know you will need press box space and wire accommodations. We prefer to get your tickets to you well in advance to forestall last-minute mixups and delay just before the kickoff. If you do not give us time to get your accommodations to you, they will be left at the General Information Booth at the Stadium.

ON THE DAY OF THE GAME

When you arrive in Gainesville on game day, it will probably be to your advantage to drop by the Sport Publicity Office in the **BASEMENT** of **FLORIDA GYMNASIUM**. There will be someone there to help you with whatever problem you might have, and telephone and typewriter accommodations will be available. In using your press ticket, you will enter the **MAIN GATE** in the center West Side of the Stadium. The **INFORMATION BOOTH** is near the **MAIN GATE**, also in the center of the West Side of the Stadium.

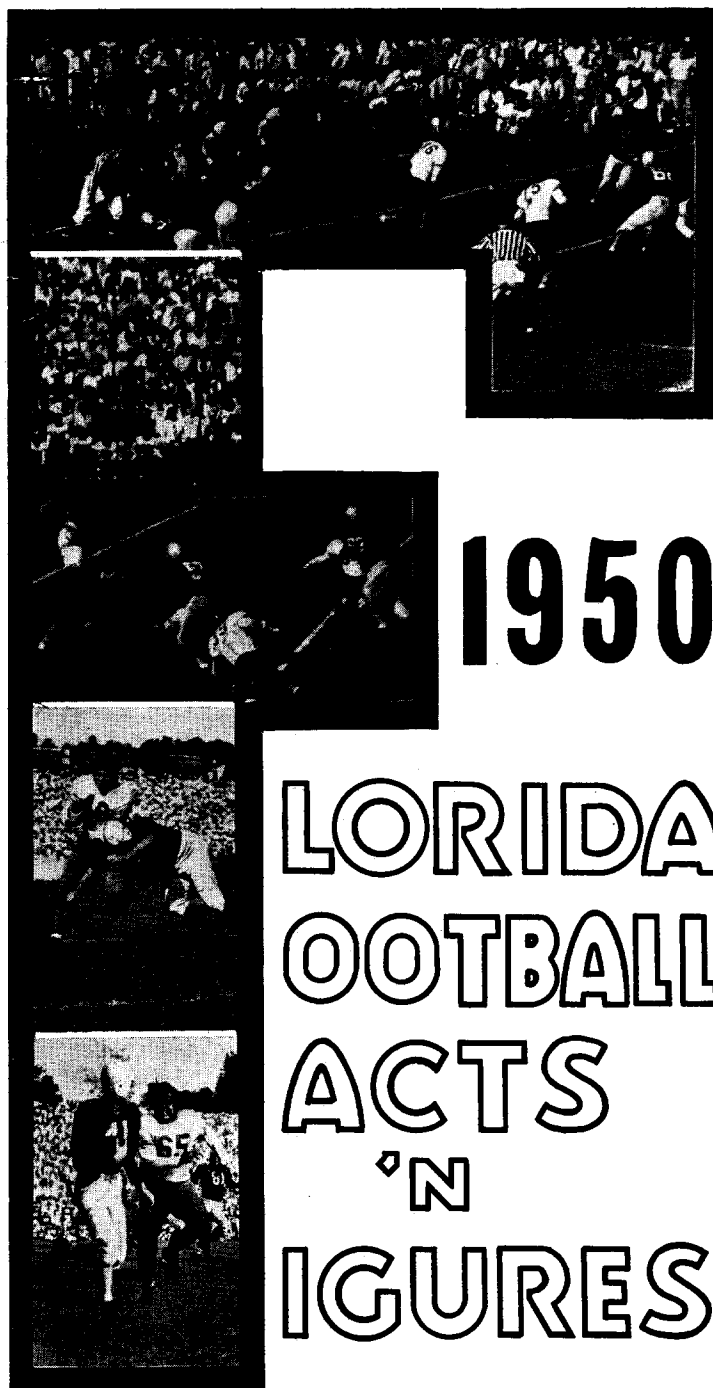

ABOUT RADIO BROADCASTS

Florida Radio Stations desiring to carry live play-by-play broadcast of a game (or games) should make contact direct: Radio Station **WRUF**, Gainesville, Florida. Out of State stations should contact the Athletic Association of the visiting team (Citadel, Duquesne, Auburn, Furman, Georgia) to determine which station those schols have designated as the official station to broadcast their games.

FACTS ABOUT THE UNIVERSITY

LOCATION: Gainesville, Florida, The University City, is located in the north-central section of the State, about equidistant—70 miles—from the Atlantic Ocean and the Gulf of Mexico. It is 70 miles southwest of Jacksonville, 120 miles northwest of Orlando, and 150 miles southeast of Tallahassee, capital of Florida. A modern town of 26,500 population, Gainesville is among the South's most rapidly growing cities.

HISTORICAL STATEMENT: In 1853 the foundation work of the present University of Florida was laid in Ocala when a small private school, East Florida Independent Institute, was opened. Florida Agricultural College was established at Lake City in 1883, and by 1905 six colleges were at least in part state supported. With the passage of the Buckman Act in 1905, the University of Florida was established in its present Gainesville location. Its destiny has been guided since that time by four presidents: Dr. Andrew Sledd (1905-09), Dr. Albert A. Murphree (1909-1928), Dr. John J. Tigert (1928-1947), and Dr. J. Hillis Miller (1947—).

ENROLLMENT: The total enrollment at the University of Florida for the regular 1949-50 term was 11,709. Estimated enrollment for the 1950-51 school year is placed in excess of 10,000 students, including about 2,200 women.

COLLEGES: Among the units which make up the University of Florida are 10 colleges, 3 schools and numerous divisions and departments. The University's 10 colleges include: University, Agriculture, Architecture and Allied Arts, Arts and Sciences, Business Administration, Education, Engineering, Law, Pharmacy, Physical Education, Health, and Athletics. Schools include: Forestry, Graduate, and Journalism.

Added during the past year was the Cancer Research Laboratory. Of special importance in the national emergency is the Department of Military Science and Tactics which serves both the Army and Air Force. Other units include: Division of Music, Agricultural Experiment Station, Engineering Experiment Station, Agricultural Extension Service, General Extension Division and the Division of Libraries.

PHYSICAL PLANT: The University's permanent physical plant, under current expansion, consists of 26 major instructional and research buildings, originally designed to accommodate 3,000 students, and dormitories for 1,100 students. Temporary buildings are still providing space for a greatly increased enrollment with ten being used for offices, classrooms, lecture rooms, and laboratories, while twelve are providing additional dormitory space. Further living accommodations are offered by three Flavet (Florida Veterans) on-campus villages.

EXPANSION: Approved construction completed and to be completed in the near future totals \$9,622,000. Major expansion completed during the past year included new gymnasium-auditorium, addition to cafeteria, infirmary, hydraulics laboratory, chemistry-pharmacy building, classroom-administration building; seven dormitories, (four for men and three for women), addition to the Law building, student service center, dairy unit, additions to the library, two units to new engineering building, additions to heating plant, sewerage disposal plant, and the chapel; two sections of the Florida Union annex have been completed along with a new seating section in Florida Field, and other miscellaneous buildings including a new horticulture area.

GEORGE ROBERT (BOB) WOODRUFF

Head Coach, University of Florida

At 34 years of age, Florida's Head Coach and Athletic Director Bob Woodruff is one of the nation's youngest major coaches. He picked up the Gator football reins last January after three successful years as head coach at Baylor University.

Bob Woodruff

Bob Woodruff was born at Athens, Georgia, on March 14, 1916. The family soon moved to Savannah where he played three years of high school football before entering the University of Tennessee. During the seasons of 1936-37-38, Woodruff was a standout tackle on the teams of General Bob Neyland which turned in a 23-5-3 record. The 1938 team on which Woodruff was a regular lineman went undefeated and then pounded out a 17 to 0 victory over Oklahoma in the Orange Bowl.

Immediately after receiving a degree in engineering from the University of Tennessee in 1939, Woodruff joined the Volunteer staff as assistant coach and was with Tennessee in that capacity when the teams of 1939 and 1940 dropped decisions to Southern California and Boston College in the Rose Bowl and Sugar Bowl games respectively.

Coach Woodruff entered the Army in 1941 and rose to the rank of Major in the Army Engineers with 4 years service before receiving his discharge in 1946.

For the football seasons of 1944 and 1945 he was assistant coach at West Point. Both of those seasons the Black Knights of the Hudson, manipulated by Coach Earl (Red) Blaik, thundered to national collegiate gridiron championships.

The next season, 1946, Woodruff returned South to join the Georgia Tech staff as line coach. That year Tech turned in a 9-2 record, including a 41-19 victory over Tulsa in the Oil Bowl.

In the Spring of 1947 Woodruff answered a call to Baylor University as head coach of the Southwest Conference Bears that had floundered in the league's cellar the year before with only one victory in nine starts.

The rough and ready Southwest had its eyes popped open early in the 1947 season when Baylor ripped its way to four straight victories—one a startling upset of Arkansas—before Texas halted the surge of the Bears. Baylor won five and lost five that year.

Came 1948 and a still more improved Bear eleven. They fought their way to a regular season record of five wins, three losses and two ties. Then on January 1st Baylor added another scalp by clipping Wake Forest 20 to 7 in the Delta Bowl game.

Last year Baylor made the going still harder for the giants of the Southwest and went down to the wire as the challenger to Rice for the Southwest Conference championship. The Owls had to come from behind for a 21 to 7 title win. Woodruff's record for his final year at Baylor was eight wins and two losses.

The auburn-haired, easy-going native Georgian now faces very much the same reconstruction problem in Gainesville that greeted him in Waco three years ago when he took the step up into the head coaching ranks.

Coach and Mrs. Woodruff (Margaret) have a six year old son, Scooter.

BACKFIELD COACH FRANK BROYLES

Frank Broyles was born at Decatur, Georgia, on December 26, 1923. He received a Bachelor of Science degree in Industrial Management from Georgia Tech in 1947. Broyles played three years of varsity football at Georgia Tech and also won four letters as a basketball guard and three as a baseball pitcher. He made the All-Southeastern team as quarterback in 1944 and 1946. While with the Yellow Jackets, he played in three bowl games: the Sugar Bowl (Tulsa) in 1944; the Orange Bowl (Tulsa) in 1945 and the Oil Bowl (St. Mary's) in 1947. He still holds the all-bowl record for the most yards passing in one game when he connected for 276 yards against Tulsa in the 1945 Orange Bowl Classic. From July 1943 until February 1946, Broyles had 19 months of service in the Naval V-12 program and was an ensign with the Seabees for six months in the Pacific. Upon graduation from Tech, Broyles accepted the backfield coaching job at Baylor University for the 1947-48-49 seasons. He joined the Florida staff in February of 1950. Coach Broyles is married to the former Barbara Day, of Clearwater, and they have two sons, Jack (3) and Hank (1½).

LINE COACH JOHN EIBNER

John Eibner was born at Elyria, Kentucky, on March 13, 1917, but most of his boyhood was spent at Mt. Sterling, which he now calls home. He graduated from the University of Kentucky in 1941 as a history and political science major. As a Kentucky tackle he made the All-SEC teams in 1938 and 1939. He played for the Philadelphia Eagles in 1941 and 1942 and again in 1946. In between were three Naval years with destroyer service in the South Pacific and Far East. In 1947 he coached football, basketball and baseball at Prestonburg (Ky.) High School. His teams won ten of eleven football games and went undefeated in baseball until the Southern High School championship playoffs. In 1948 Eibner was line coach at the University of Miami. He joined the Florida staff in February. Coach Eibner married Katie Oakley, of Mt. Sterling, Ky. The other member of the family is "Patches", a huge black-and-white Cocker Spaniel.

John Eibner

LINE COACH HOBART HOOSER

Hobe Hooser was born at Haley, Tennessee, on March 5, 1906, and graduated from the University of Tennessee with a Bachelor of Science degree in Education in 1928. He received the Master degree in administration and physical education from Peabody in 1942. In 1925-26-27, Hooser played on Tennessee teams that won 22 games, lost two and tied two. He turned in three years as head coach at Johnson City before moving to Lake City, Florida, for an eleven-year stretch that saw his football teams win 73, lose 30 and tie 7. He returned to the University of Tennessee as line coach under Coach John Barnhill in 1942. That year the Vols defeated Tulsa in the Sugar Bowl. After three Naval years with overseas service in the Pacific, Hooser became line coach at the University of Arkansas for the seasons of 1946-47-48-49. In 1946 the Razorbacks won the Southwest Conference title and tied LSU in the Sugar Bowl. The next year Arkansas defeated William and Mary in the Dixie Bowl. Coach Hooser married Gertrude Morgan, of Richard City, Tennessee.

Hobart Hooser

BACKFIELD COACH JOHN SAUER

John Sauer was born at Dayton, Ohio, on August 31, 1925, and graduated from the U. S. Military Academy at West Point in 1946. He completed one semester's work at Miami University (Ohio), before receiving an appointment to enter West Point and entered in July of 1943. Sauer played on the mighty Army teams of 1943-44-45. The Cadets won national championships in 1944 and 1945. He played with the national championship service team at Fort Benning in 1946, and led the nation's backs in total offense that year. He was recalled to West Point as assistant backfield coach in 1947 and a year later became Army's backfield coach for the 1948 and 1949 seasons. He joined the University of Florida staff in February. Coach Sauer married Jeanne Rodier, of Washington, D. C.

HEAD FRESHMAN COACH TONTO COLEMAN

Arthur M. (Tonto) Coleman was born at Phil Campbell, Alabama, on July 7, 1907, and has been a Texan since he was twelve. He graduated from Abilene Christian College in 1928. Tonto wasn't a schoolboy athlete and didn't play collegiate athletics as a freshman, but he lettered three years as a varsity guard at Abilene Christian. Coleman spent a season as line coach at Sweetwater High and then two years as head coach at Baird High School. In 1931 he moved to San Angelo Junior High School as head coach for three years before taking over the top coaching job at the senior high school there for a four-year stretch. In the fall of 1938 he returned to Abilene Christian as assistant football coach and became head coach in 1942 for a five-year span. Three years of Army service were spliced between the first year and the last. Coleman's five Abilene teams had a record of 28 wins, 15 losses and two ties. His team was co-champion of the Texas Conference in 1946 and finished second three other years. In 1948 Tonto was chosen Texas Conference Coach-of-the-Year. He joined the Florida staff in April of 1950. Coach Coleman married Ann Arnold, of Abilene, Texas, and there are two daughters, ten-year-old Kay and five-year-old Nancy.

FLORIDA GYMNASIUM

The handsome, multi-purpose gymnasium-auditorium at the University of Florida was two years in construction and completed at a cost of approximately \$1,600,000. It houses the Division of Intercollegiate Athletics and all phases of the College of Physical Education, Health and Athletics except the Infirmary, which is a separate building.

A three-story and basement fireproof building, the gymnasium-auditorium is designed to meet many needs of the University additional to those of intercollegiate athletics and the intramural and recreational activities of the student body. The auditorium affords the only indoor meeting place capable of seating the entire student body.

For a regulation basketball game, the gymnasium will seat in excess of 6,500 spectators.

WHO'S WHERE?

Upon entering the building from the main entrance, which faces South on Stadium Road, here's how to find the various offices:

INTERCOLLEGIATE ATHLETICS: Turn left and the first door on the left is the office of Freshman Coaches Tonto Coleman, Dave Fuller and Mush Battista. Second door on the left is a men's rest room. Fourth door on left is office of Athletic Director and Head Coach Bob Woodruff. Fifth (and last) door on left is the office of varsity coaches Hobe Hooser, John Eibner, John Sauer, Frank Broyles and Sam McAllister.

ATHLETIC TICKET OFFICE: Upon entering main entrance, turn right and the first door on the right is the office of Ticket Manager Percy Beard.

DEAN, COLLEGE OF PHYSICAL EDUCATION, HEALTH AND ATHLETICS: Upon entering main entrance, turn right and second door on right is the office of Physical Education Dean Dennis K. Stanley.

SPORTS PUBLICITY OFFICE: Enter main entrance, turn right, go to steps and down two flights to basement level. Go out into large recreation room with glass brick offices along right-hand wall. Third door on right is Sports Publicity Office.

INTRAMURAL OFFICE: Enter main entrance, turn left, go to stairs and down one flight. First door on right is office of Intramural Director Spurgeon Cherry.

GYMNASIUM PROPER (BASKETBALL COURT). Enter main entrance, turn left, go to stairs and down one flight; turn left through double doors and turn right again immediately through double doors. You will then be on the gymnasium floor. The main basketball court (and stands) will be at the opposite end of the floor.
